## **CANNES RECOGNITION**

We entered 2 of our projects into the 2020 and 2021 Cannes Lions: The International Festival of Creativity. Every year, we will select our best work to be entered into the annual festival also known as "The Oscars" of the marketing championing creative excellence since 1954 with the goal of providing a global destination and the definitive benchmark for creativity that drives progress.

By doing this we wanted to challenge the work that we have created on a competitive level against some of the biggest marketing agencies and creators in the world. The Cannes Lions award is a globally recognised award and the standard it sets fuels our drive to continue pushing boundaries, setting new industry benchmarks, and delivering ground-breaking campaigns that captivate audiences worldwide.
